

ACTIVITIES

White sandy beaches, warm turquoise sea and swaying coconut palms are all part of the scenery. It's a backdrop ideal for the screen, with the Mamanucas featuring in the classic Tom Hanks film *Cast Away* and also on *Survivor: Fiji*. Team building activities, where hierarchies, and work worries are put to one side giving a great opportunity for people to challenge themselves, have fun, and take part in activities they have most likely never done before! Share with us your team building objectives; your idea of the "future perfect team", and we, along with our coordinator will work with your requirements to design a bespoke offer to meet your goals.

Your event can be enhanced by incorporating the traditions and culture of Fiji with some fun water and land based team building activities. We can theme your event to suit your requirement from Pirates treasure hunt, to Wild Wild West, to simple Coconut husking competition or a chilled out day at Beachcomber Island with a beach BBQ and utter relaxation. Our vessels leave for a variety of island trips direct from anchorage's private resort jetty and can be exclusively hired for your whole group.
